Reaching new heights in professional shop equipment

In compliance with NEN-EN 1494:2001+A1:2008 

Premium Series

Long Chassis Jacks

This range is designed especially for extreme heavy-duty lifting. It is perfect for servicing truck fleets, busses, farms, heavy construction equipment and other vehicles that require a low starting point and a relatively high reach.

All models feature a foot-operated pump for quicker lifting efficiency, automatic overload safety valve and swivel casters for easy maneuvering around tight spaces. The ergonomic handle features an integrated load control knob which is in connection with a universal joint release valve.
