

TYRE SPREADERS

TYRE EQUIPMENT

BRIGHT M275B

Standalone heavy duty tyre spreader designed for use in tyre centres catering for passenger cars and light commercial vehicles.

The M275 has an adjustable four (4) position table that can be rotated for easy access to the inside of the tyre. The foot pedal controls the position of the table top. Depressing the spring actuated foot pedal allows the operator to move the table top to the most desired position. The tyre is rotated easily on the heavy duty rollers mounted on the table top. The spreader arms are adjustable to accommodate passenger and light truck tyres.

Features:

- Portable (option to bolt to floor also).
- Rotatable table design.
- Makes tyre inspections and repairs quicker and safer.
- Adjustable clamping arms.
- 4-position table tilt.
- Adapts to various sidewall depths and tyre widths.

Technical Specifications:

Tyre Width Capacity	145 - 245 mm
Tyre Diameter Capacity	11" - 24"
Dimensions (W x D x H)	769 x 300 x 1000 mm
Mass	25 kg
