

COMPAL POWER

10KW SILENT DIESEL GENERATOR

- Dual Voltage Versatility
- Rugged Construction
- User-Friendly Interface
- High Portability

6 MONTHS WARRANTY

FREE DELIVERY

TECHNICAL DATA

Model:	VG-R110
Max Output:	10 kW
Apparent Power:	11 kVA
Fuel Type:	Diesel
Voltage:	230V / 400V (Dual Voltage)
Phase:	Three Phase
Frequency:	50 Hz
AC Current:	20.0 A
Power Factor:	0.8
Engine Speed:	3000 rpm
DC Output:	12V

Cooling/Acoustics: Silenced / Sound-attenuated Enclosure

PERFECTLY SUITED FOR:

- ✓ Industrial Workshops & Construction Sites
- ✓ Emergency Standby Power for Businesses
- ✓ Event & Catering Power Solutions
- ✓ Agricultural & Remote Location Power
- ✓ Three-Phase Heavy Machinery & Tooling

FULLY RECONDITIONED & TESTED

The Compal Power VG-R110 is a heavy-duty, three-phase diesel generator engineered for demanding commercial and industrial environments. This unit has undergone a comprehensive multi-point inspection by our technical team to ensure factory-standard performance and reliability.
