

PORTABLE TYRE INFLATION SAFETY CAGE (MIC-2WB)

MARTINS

Mobile & Roadside Protection for Super Single Truck & Bus Tyres

Stay safe even on the road. A heavy-duty, compact life-saving tool equipped with folding hinges for effortless, ultra-slim storage inside restricted service van environments.

TWO-YEAR WARRANTY

✓ Maximum Safety:

Provides critical, life-saving protection for mobile service technicians against catastrophic tire blowouts and rim component failures while working out on the road.

✓ Heavy-Duty Build:

Manufactured with a compact structural steel frame and precision folding hinges, balancing unyielding strength with rapid roadside deployment.

✓ Extreme Durability:

Finished with a premium, UV-resistant orange powder coat that prevents corrosion and preserves its high-visibility luster in both indoor shops and harsh outdoor environments.

✓ Certified Protection:

Fully compliant with CE and DGUV – BGR 157 requirements; exceeds OSHA Standard 29 CFR 1910.177.

* This product include safety information & procedures sticker
